## MEADOW MUSE PRIVÉ

Introducing a new wedding concept — Meadow Muse Privé. As one of the top outdoor venues in Calgary, Meadow Muse Pavillion makes the ideal spot for an intimate wedding this summer. Unlike a regular tent, our upgraded pavilion has both the structure and the amenities to ensure a perfect wedding reception under any weather conditions. While our open-wall structure allows for an outdoorsy feel to your event, the generous space can host an ideal reception with your guests enjoying the party at a safe distance. Nonetheless, we promise a warm and cozy atmosphere.

## A PERFECT PLACE FOR AN INTIMATE CEREMONY

Our elegant, charming space located in the heart of Fish Creek Provincial Park greets you with a beautiful blank slate for decorating, complete with hardwood floors and pleasant lighting. The walls are retractable to let in the sunshine on those breathtaking Fish Creek summer days. The transition of space between your event and the surrounding park will become seamless. The grounds surrounding Meadow Muse Pavilion are peaceful and inspirational. The Artisan Gardens feature First Nations art, colourful blooms, manicured lawns and rustic benches. The patio deck frames a gorgeous view of the meadows, and the surrounding park offers a perfect backdrop for a memorable event.
